

Call for Submission of Abstracts: 18th International Geographical Conference on “Climate Change, Sustainability and Resilience” from June 7-9, 2024 at Bara Gali Summer Campus, University of Peshawar, Pakistan

Dear Sir/Madam,

The Department of Geography and Geomatics, University of Peshawar, Pakistan regularly organizes International Conferences to bring together experts, explore the challenges of climate change, and look for innovative solutions, foster collaboration, and pave the way towards a sustainable and resilient future. As we witnessed the impacts of climate change reverberate across the globe, and the urgency to address environmental issues has never been more apparent.

In this connection, the Department of Geography and Geomatics, University of Peshawar has planned to organize the 18th International Geographical Conference on “Climate Change, Sustainability and Resilience” from June 7-9, 2024 at BaraGali Summer Campus, University of Peshawar, Pakistan. The purpose of this conference is to bring together experts, scholars, policymakers, and practitioners from diverse fields and corners of the world to engage in insightful discussions, share groundbreaking research, and collectively explore avenues to enhance climate resilience and promote sustainable practices. Our shared commitment to fostering resilience and sustainability is a driving force behind this conference. By bringing together a diverse group of stakeholders, we hope to encourage interdisciplinary dialogues and catalyze the development of actionable strategies that can be implemented both locally and globally.

In addition to academia, this conference also provides opportunities for students, researchers, professionals, consultants and scientists to share their innovative ideas and research in the field of “Climate Change, Sustainability and Resilience”.

The Conference will include, but not limited to the following themes:

- Climate Change and Sustainability
- Anticipatory Actions in Response to Climate Change
- Climate Change and Resilience
- Climate Change Impacts on Land use and Cropping Pattern
- Climate Resilient Settlement Planning
- Climate Change and Desertification
- Climate Change and GLOF
- Climate Change Models
- Meteorology and Weather Forecasting
- Climate Change and Sustainability
- Climate Change and Hydro-Geography
- Urban Areas and Climate Change
- Climate and Climate Change
- Climate Change and Urban Agriculture
- Climate Variability and Natural Hazards
- Adaptation to Climate Change
- Application of Geo-informatics in Climate Change science

- Irrigation and Agriculture in response to Climate Change
- Climate Change and Forest Resources
- Land Use and Climate Change
- Agriculture and Food Security
- Floods and Climate Change
- Drought and Climate Change
- Climate Change and Agricultural Resources
- Drought and Water Resources
- Humanitarian Education in Response to Climate Change
- Climate Resilient Infrastructure
- Forecast Based Financing

Important Dates:

Submit Abstracts (msword) on or before April 30, 2024 to:

sgul@uop.edu.pk (or) atta-ur-rehman@uop.edu.pk

This event will provide a network of researchers, scientists, professionals and academics to collaborate and promote research activities in future as well. Kindly circulate the announcement of **18th International Geographical Conference on “Climate Change, Sustainability and Resilience” from June 7-9, 2024 at BaraGali Summer Campus, University of Peshawar, Pakistan** in your organization. We warmly welcome you to submit abstracts.

Looking forward to having your valuable institution onboard.

Sincerely,

Dr. Shehla Gul,
Conference Secretary,
Email: sgul@uop.edu.pk

Prof. Dr. Atta-ur-Rahman
Conference Convener and Chairman,
Department of Geography and Geomatics,
University of Peshawar, Pakistan.
Email: atta-ur-rehman@uop.edu.pk
