

Patterns of Communication

Pattern : خاگه , طريقه , نمونه

Communication: Transfer of information.

"Patterns of communication means systematic ways of communicating important information."

Communication is the transfer of information to others.

As we studied in the "Typology of Communication"

We have :

Intrapersonal Communication
Interpersonal Communication
Group/Team communication
Mass Communication

Specially when we talk about Group or Team communication, We have several methods which is called patterns of Group/Team Communication.

Following are the patterns.

- Circle
- Chain
- Y
- Wheel
