

SMART UNIVERSITY PROJECT WIFI (Eduroam) ACCESS GUIDE

FIRST LOGIN

Connect to 'eduroam' Wifi from PC or Laptop for **the first time**. Enter your Username and Password as provided by your department.

New Password Policy (Must be strictly followed)

It will prompt for a new password during first login from PC/Laptop.

Please remember:

- Your new password must be different from your first name, last name & username.
- **Password length** = 8-characters (minimum)
- **Password includes** = one capital alphabet, one numeric and one special character
- **Avoid delay** in the new password entry. (Maximum time is 12 to 15 seconds)

In order to avoid the delay in new password entry, kindly decide/choose your new password in advance. **Password example = uNiversity@786#**

CELLPHONE LOGIN

Try login your cellphone once you meet the above policy and attain access in UoP Smart University. Follow the steps mentioned below:

- Choose UoP Smart University WiFi connection
- EAP method = choose PEAP
- Phase 2 Authentication = choose MSCHAPv2
- CA Certificate = Choose Do Not validate OR Unspecified
- Identity = your Username
- Anonymous identity = leave it blank
- Password = enter your Password

PASSWORD RESET

If your department have sent us your complete data including your email address then please drop an email to smart@uop.edu.pk from the same registered email for the password reset. We'll send your new password in reply to your email.

If we have no email address in server records then please route your password reset request from your HoD.

NEW ACCOUNTS

As per practice, the concerned department email the students data on our specified format. Kindly contact your office staff and provide them requisite data. The proforma, Excel Sheet document, is available on <http://www.uop.edu.pk/cits/?q=Downloads>

Remember (beware) please: The Smart University account username/password is authentication based access which is provided to you on your student and CNIC identity. All the activity performed from the same username will be tailored with your identity which means that you will be responsible for any kind of misuse. Kindly keep your account safe like an ATM or CNIC card and do not share it with anyone.
