VICE CHANCELLOR'S MESSAGE

College of Home Economics (CHE) has been playing a pivotal role in educating the females of the province since its inception. Female education is the unavoidable requirement of every healthy and progressive society and nation. In our culture where many of talented girls linger behind in education because of the family setup which doesn't allow them to study in coeducation, College of Home Economics provides them the opportunity to excel and explore.

The CHE has a distinction for not only focusing on academics but taking great care in the personality building of the students and equipping them with additional skills to play a useful role in society. Many courses related to Home Economics are offered ranging from FA, F.Sc, B.Sc to M.Sc, and from BS, MS/M.Phil to Ph.D. It gives female students the leverage to avoid the possible hurdles during their academic process enabling them to have the opportunity of higher education. The Principal's motivation and energy is making the environment of the College more favorable for learning. The qualified and competent staff instills a thriving spirit to learn and acquire more. The well-equipped labs facilitate the students to refine their skills and perception. The clarity of concepts and the drive of vision motivate the students to progress. All the required facilities for curricular and co-curricular activities are readily available for students.

In our society, females must put in their contribution not only on individual and family levels but also impact on a macro level. The students passing out from the College of Home Economics are contributing to economic growth as well as refined aesthetics can be seen in their ambiance. I hope the students avail the positive educational environment this year as well. I wish them success in the future.

Prof. Dr. Muhammad Idrees
Vice Chancellor
University of Peshawar

PRINCIPAL'S MESSAGE

interpersonal and communication skills in our students.

Home Economics is a unique discipline having multiple facets and to make it compatible with the demands of the contemporary world, we aim at academic up gradation through linkage programs with foreign universities and facilitating arrangement of internship for students at reputed organizations. Improvement in curriculum and college labs is also on our agenda. I hope that addressing these areas will have a positive impact on the overall performance of the students. I wish them all the best.

Prof. Dr. Shahnaz P. Khattak
Principal
College of Home Economics

INTRODUCTION

PREFACE

The study of Home Economics as a distinct discipline was introduced in the country soon after Pakistan's emergence on the world's map. Initially, the University of Peshawar in collaboration with Colorado State University USA set up a separate department devoted to the subject in 1954. The department was later upgraded to the status of a College in 1963. Her Majesty Queen Elizabeth II inaugurated the present building. One of the only nine Colleges in Pakistan devoted to the study of Home Economics; this college was initiated in an effort to develop a complete educational program for the preparation of young girls to meet the challenges of free society.

The institution seeks to equip young women with the specialized knowledge, skills, awareness, and the right attitude needed to launch them successfully in their social and professional lives. This field of study extends opportunities for following careers in an increasing number of professions. Therefore, it has acquired a special significance to mould the female generation, providing them with an opportunity of studying a unique blend of both science and art related subjects. This opens up future avenues for personal, professional, and social enhancement.

The College of Home Economics not only aims to turn out well-informed future mothers, but also Interior Designers, Dietitians, Textile Designers, Fashion Designers, Small Business Managers, Teachers, Event Organizers and Research Workers.

OBJECTIVES

The College seeks:

- ▶ To provide up to date and modern education to the students.
- ▶ To inculcate a true appreciation of religious and Islamic values in the practical lives of the students.
- ▶ To develop social sensibilities and prepare students to cope better with their various roles not only as individuals, but as family members and citizens of the state. To develop a positive attitude towards life.
- ▶ To gear women towards professional careers and general socioeconomic development.
- ▶ To build confidence in young women to realize the importance of their distinct role as nation builders.
- ▶ To expose the students to the latest knowledge and technology to familiarize them with the advancements in the industrial sector.

COLLEGE OF HOME ECONOMICS | UNIVERSITY OF PESHAWAR
