## VICE CHANCELLOR'S MESSAGE

It gives me immense pleasure to welcome a new batch of students to University College for Boys, University of Peshawar. Now that you are entering into a new phase of life I am sure you would know your duties, nevertheless, I will emphasize some of the things which are most urgent. Remember, your parents send you to a big city like Peshawar to help you with your all-around personality development. In this regard, there are certain things that I would like that you keep in your mind all the time. Foremost, you must focus on the changing trends and career opportunities. The age-long reliance on some specific fields has given off and now students must learn to be in search of opportunities which are entrepreneurial in nature. Equip yourselves with modern technologies and as you pursue your education, you must attend workshops, seminars and community training programs for better self-actualization. Another important thing that I would emphasize here is that you are a trustee of your pristine culture-try to inculcate and guard those grand attributes so that you are in a better position to pass them on when you are in the saddle. One last thing that so insistently occurs to me by looking into the national atmosphere and it is a bit saddening that students are rather too immersed in just scrambling and regurgitating course materials in all their grades and levels. I would strongly urge you to develop an aesthetic sense, critical outlook and research abilities to propel our beloved country forward in social, economic and political arenas of life.

I would like you to make the best of the lovely academic atmosphere at University College for Boys!

**Prof. Dr. Muhammad Idrees**  
Vice Chancellor  
University of Peshawar

Remember, there is no shortcut to excellence. It is sheer hard work and perseverance, which lead you towards the attainment of your goals in life. Diligence, hand in hand with sincerity of purpose, is the key to Success.

Our students' success cannot be defined by qualification alone. Students leave the College as dynamic and impactful global citizens, equipped to play a leading role in whichever walk of life they choose. To achieve this, students are encouraged to participate in the extensive array of opportunities which exist beyond the classroom. We are proud of our tradition to allow our students to flourish in sports and give expression to creativity. In addition, many opportunities exist in debating and stage performance and the college offers a large range of visits and trips to various historic places and resorts. The impetus behind providing such a long array of opportunities to students is a big dream. It is my dream to take this college to a level at par with best institutions in the country. It is my dream that the students of this college are recognized both inside and outside the country as role models and successful human beings. We will not spare any effort and hope; you will do your best to make the dream come true.
