VICE CHANCELLOR'S MESSAGE.

.....

The College of Home Economics (CHE) has a place in history through its splendid services to female education in Pakistan. Female education is the unavoidable requirement of every healthy and progressive society and nation. CHE has played a leading role in fulfilling this requirement of the nation in the NW region of Pakistan since its inception. The CHE has a distinction for not only focusing on academics but taking a great care in personality building of the students and equipping them with additional skills to play a useful role in the society. Many courses related to Home Economics are offered ranging from FA, F.Sc, B.Sc to M.Sc, and from BS, MS/M.Phil to Ph.D. It gives the female students the leverage to avoid the possible hurdles during their academic process enabling them to have the opportunity of higher education. The faculty is highly qualified ensuring attainment of education at its finest. Healthy learning environment is provided to the students for sound development of their personality.

All the classrooms and labs are well equipped. All the required facilities for curricular and co-curricular activities are readily available for students. The alumni of the college are serving in numerous disciplines proving themselves as efficient members of the society. I hope the students avail the positive educational environment this year as well. I wish them success in future.

PRINCIPAL'S MESSAGE

...

Prof. Dr. Shazia Ghulam Mohammad
Principal
College of Home Economics
University of Peshawar

The College of Home Economics, University of Peshawar stands at the confluence of the tradition and transformation. Since its establishment in 1964, the college has played pivotal role in redefining the scope of education, moving it beyond conventional boundaries to address contemporary societal needs.

Today, Home Economics is a dynamic field that intersects with entrepreneurship, research, social development and innovation. Our revised curriculum reflects this shift, designed to equip students with knowledge, skills and adaptability required in a rapidly evolving global landscape.

What distinguishes our institution is not only its academic heritage but also its commitment to empowering students through specialized, interdisciplinary education. We remain one of the few institutions in the region to offer advanced degrees- M.Phil and Ph.D- enabling students to pursue higher education without geographic constraint. I firmly believe that education must go beyond transmission. It must transform transformation. With a team of dedicated faculty and community motivated learners, we are shaping professionals who are not only academically competent but also socially conscious and future-ready.

PREFACE

The study of Home Economics as a distinct discipline was introduced in the country soon after Pakistan's emergence on the world's map. Initially, the University of Peshawar in collaboration with Colorado State University USA set up a separate department devoted to the subject in 1954. The department was later upgraded to the status of a College in 1963. Her Majesty Queen Elizabeth II inaugurated the present building. One of the only nine Colleges in Pakistan devoted to the study of Home Economics; this college was initiated in an effort to develop a complete education program for the preparation of young girls to meet the challenges of free society.

The institution seeks to equip young women with the specialized knowledge, skills, awareness, and the right attitude needed to launch them

successfully in their social and professional lives. This field of study extends opportunities for following careers in an increasing number of professions. Therefore, it has acquired a special significance to mould the female generation, providing them with an opportunity of studying a unique blend of both science and art related subjects. This opens up future avenues for personal, professional, and social enhancement.

The College of Home Economics not only aims to turn out well-informed future mothers, but also Interior Designers, Dietitians, Textile Designers, Fashion Designers, Small Business Managers, Teachers, Event Organizers and Research Workers.

Objectives

VISION

“Ours Is The Privilege To Mould The Society”.

For a civilized and refined personality a student not only needs academic guidance but more importantly requires the grooming and refined aesthetic parameters for a productive life ahead. The strength of character added through holistic skills imparted in this institution not only enables them to live a dynamic life but also be useful for people connected to them. Only a cultured female can add to the sophistication of the society and future generations. College of Home Economics is honoured to facilitate its students in numerous fields keeping the horizon of subjects and fields of specialization broad.

MISSION

The College of Home Economics, a unique institution of its nature in the University of Peshawar, is committed to provide quality Home Economics education at the undergraduate, graduate, postgraduate, M.Phil and Ph.D. levels. The College upholds and stands by the aims of International Federation of Home Economics, which are:

To educate about the universal values of households and families as environments within which individuals are assisted to reach their full potential and to acknowledge their global interdependence.

To promote awareness that families and households are the prime nurturing environments for every human being and that mental, physical, psychological and emotional family well-being is the basic infrastructure for all other forms of social and economic development.

To emphasize the social, economic and environmental impact of the management of everyday life of individuals, families and households.

To promote the concept of families and households as operating within a larger social, economic and physical environment with a myriad of exchanges between individuals and these larger environments on a daily basis.

To conduct research in areas relevant to Home Economics (individual, household and family issues related to the satisfaction of physical and psychological needs) which expand the understanding of the ecological view of individuals, families and households in the larger environment.

OBJECTIVES

The College seeks:

- To provide up to date and modern education to the students.
- To inculcate true appreciation of religious and Islamic values in the practical lives of the students.
- To develop social sensibilities and prepare students to cope better with their various roles not only as individuals, but as family members and citizens of the state.
- To develop a positive attitude towards life.
- To gear women towards professional careers and general socioeconomic development.
- To develop confidence in young women to realize the importance of their distinct role as nation builders.
- To expose the students to the latest knowledge and technology to familiarize them with the advancement in the industrial sector.

OUTCOMES

College of Home Economics has the privilege to produce a large number of refined graduates every year. The College is offering M.Phil/MS and Ph.D programs, thus contributed in producing 70 M.Phils/MS and 19 Ph.Ds.

Our graduates have the privilege to serve as nutritionists and dietitians in public and private sector hospitals, lecturers, psychiatrists, social activists, fashion designers, artists, interior designers and entrepreneurs. More significant is the contribution of the aesthetically refined females to every family they are now a part of.

GENERAL CONDUCT

- Students are to be held responsible for the repair and replacement of any college owned property's damage or misplacement.
- **Students are not allowed to order food from outside during college hours.**
- Discipline is to be maintained in the canteen. Regular rounds are taken by the staff members to ensure the discipline and fine the bunkers.
- Students should exhibit decent behavior during college timings in classes and grounds. They will be fined in case of misconduct.
- Student should avoid class bunking otherwise a fine of **Rs. 500/-** will have to be paid for each missed lecture.
- Misbehavior with the Principal, teachers, fellow students, peons, drivers and clerical staff will be severely dealt with. The offender will either be

heavily fined or abstain from attending classes for a specific time period.

- Students are required to submit an Affidavit on a stamp paper duly signed by the oath commissioner, to ensure no participation of the student in any kind of political activity in the college premises.
- Students found guilty of using unfair means or involved in any other fraudulent activity will either be rusticated or fined heavily.
- **Cameras, mobile phones, MP3s etc.** are strictly prohibited and will be confiscated and fine of **Rs. 5000/-** will be levied. The parents shall be asked to meet staff proctors in this regard at the end of the session.
- Simple and Non Android Phones are allowed for security reasons to students. Students are provided phone facility in the Principal's office for necessary phone calls after signing permission slips from staff proctor.
- No visitors or gifts are allowed to be received at the College gate.
- Fund raising for any commercial or social cause without Principal's prior permission is prohibited
- Students found involved in any verbal or physical aggressive activities like fighting etc. shall be strictly punished.

UNIFORM RULES

Students should strictly follow the following rules regarding uniform:

- Students are required to wear the prescribed uniform.
 - The uniform should be clean, properly ironed and shoes well-polished.

DISCIPLINE
