

IMRAN AZIZ

Present Position Professor
Address Department of Mathematics
University of Peshawar
Peshawar, Pakistan
Date of Birth 29th October 1971
Nationality Pakistani
Office Phone +92 (91) 922 1038
Email imran_aziz@uop.edu.pk
imrann@gmail.com
ORCID ID [0000-0003-1925-3182](https://orcid.org/0000-0003-1925-3182)
Scopus Author ID 35744500700
ResearcherID L-6848-2013

Education

- 2011-2014** PhD in Computational Mathematics - [University of Engineering & Technology, Peshawar, Pakistan](#)
Thesis Title: Wavelets and Radial Basis Functions in Scientific Computing
- 2003-2005** MS in Mathematics - [Lahore University of Management Sciences, Lahore, Pakistan](#)
- 1993-1995** MSc in Mathematics - [University of Peshawar, Peshawar, Pakistan](#)
- 1991-1993** BA - [University of Peshawar, Peshawar, Pakistan](#)
- Apr 2002 - Sep 2002** Post Graduate Computer Orientation Course - Computer Training Center, Islamabad, Pakistan
- Aug 2001** Sun Certified Programmer for the Java 2 Platform (JCP)

Employment History

Permanent Faculty Positions

- May 2022 - Present** - [Department of Mathematics, University of Peshawar, Peshawar, Pakistan](#)
Professor
- Dec 2015 - May 2022** - [Department of Mathematics, University of Peshawar, Peshawar, Pakistan](#)
Associate Professor
- Feb 2011 - Dec 2015** - [Department of Mathematics, University of Peshawar, Peshawar, Pakistan](#)
Assistant Professor

Jan 2009 - [Department of Mathematics, University of Peshawar, Peshawar, Pakistan](#)
Feb 2011 *Lecturer*

Sep 1999 - [Department of Mathematics, University of Peshawar, Peshawar, Pakistan](#)
Jan 2006 *Lecturer*

Visiting/Adjunct Faculty Positions

Sep 2008- [Lahore School of Economics, Lahore, Pakistan](#)
Jan 2009 *Visiting Faculty*

Jan 2006- [Lahore University of Management Sciences, Lahore, Pakistan](#)
Jun 2008 *Adjunct Faculty*

Administrative Experience

March 2016- [Department of Mathematics, University of Peshawar, Peshawar, Pakistan](#)
Present *Chairman/Head of Department*

Sep 2009- [Department of Mathematics, University of Peshawar, Peshawar, Pakistan](#)
Aug 2013 *Coordinator BS program*

Research Area

- Computational Mathematics

Research Interests

- Numerical Integration
- Numerical Methods for Boundary-Value Problems
- Numerical Methods for Integral and Integro-Differential Equations
- Numerical Methods for Partial Differential Equations
- Numerical Methods for Highly Oscillatory Integrals
- Collocation Methods using Wavelets
- Meshless Method using Radial Basis Functions

Conferences and Workshops

Refereed Conference Papers

1. **Imran Aziz**, Shumaila Yasmeen, Rohul Amin, Haar wavelet method for numerical solution of pantograph functional differential equations, 6th International Conference on Control and Optimization with Industrial Applications, 11-13 July, 2018, Baku, Azerbaijan.
2. **Imran Aziz**, Rohul Amin, Jüri Majak, Numerical solution of a class of fractional delay differential equations via Haar wavelet, 11th International DAAAM Baltic Conference (Industrial Engineering) April 20-22, 2016, Tallinn, Estonia.
3. **Imran Aziz**, Numerical solution of system of nonlinear Fredholm and Volterra integral equations using Haar wavelet, International Conference on Recent Advances in Pure and Applied Mathematics (ICRA-PAM 2014), Nov 6-9, 2014, Antalya, Turkey.
4. **Imran Aziz**, Siraj-ul-Islam, An improved wavelet collocation method for numerical solution of two-dimensional elliptic partial differential equations, Third International Conference for Computational Method for Thermal Problems, June 2-4, 2014, Lake Bled, Slovenia.
5. **Imran Aziz**, Siraj-ul-Islam, An improved method based on Haar wavelets for numerical solution of nonlinear integral equations, International conference on Modelling and Simulation 2013 (ICOMS-2013), Islamabad, Pakistan.

Invited Lectures

- A new numerical method for numerical solution of integral equations based on Haar wavelet, First national conference on mathematics, May 4-5, 2017, University of Sargodha, Pakistan.
- Numerical solution of nonlinear Poisson equation by using Haar wavelet collocation method, Workshop on numerical solutions of nonlinear PDEs, June 26, 2015, Izmir Institute of Technology, Urla, Izmir, Turkey.
- Wavelets and scientific computing, Advanced workshop on finite difference methods for differential equations, March 13-17, 2015, South Asian University New Delhi, India.
- Haar wavelet in scientific computing, One day international workshop on computational mathematics with applications, March 10, 2014, Shaheed Benazir Bhutto women university, Peshawar, Pakistan.

Resource Person in Workshop

- Workshop on Randomness and Cryptography, April 29-30, 2006 organized by CASM at Lahore University of Management Sciences, Lahore, Pakistan.

Supervisions

MPhil/MS Thesis Supervision (Completed)

1. Numerical Solutions of Hyperbolic Partial Differential Equations via Haar Wavelet Method, 2019 (Asadullah Sohail).
2. Numerical solution of partial integro-differential equations with weakly singular kernels via Haar wavelet, 2018 (Qurat-ul-Ain).
3. Numerical solutions of fractional Fredholm integro-differential equations via Haar wavelet method, 2018 (Hajira).

4. Numerical Solution of elliptic partial integro-differential equations via Haar wavelet, 2018 (Tehzeeb Qazi).
5. Numerical solution of partial differential equations with integral boundary conditions by meshless method using radial basis functions, 2016 (Sumbel Begum).
6. Haar wavelet collocation method for numerical solution of functional differential equations, 2016 (Shumaila Yasmeen).
7. Numerical solution of parabolic and hyperbolic PDEs with integral boundary conditions via Haar wavelet, 2016 (Muhammad Nisar).
8. Numerical solution of boundary-value problems via Linear Legendre Multiwavelets, 2015 (Rooh Ullah).
9. A hybrid method for numerical solution of highly oscillatory integrals, 2014 (Amir Sultan Khan).
10. Numerical solution of a non-local boundary-value problem via Haar wavelets, 2014 (Tilawat Naz).
11. Haar wavelet method for numerical solution of third order boundary-value problems with nonlocal boundary conditions, 2014 (Aisha Ahmad).
12. Numerical solution of elliptic boundary-value problems via Chebyshev wavelet, 2014 (Laique Zada).
13. A comparative study of numerical solutions of linear & nonlinear boundary-value problems using Haar and Legendre wavelets, 2013 (Imran Khan).
14. Numerical solution of two-dimensional linear and nonlinear integral equations using Haar wavelets, 2013 (Fawad Khan).

PhD Thesis Supervision (Completed)

1. The numerical solution of fractional partial differential equations via Haar wavelet 2021 (Laique Zada).
2. Haar wavelet approximation for the solution of different types of Schrodinger equations 2021 (Nosheen Pervaiz).
3. Numerical solution of integral and integro-differential equations using linear Legendre multi-wavelets 2018 (Imran Khan).
4. Wavelet collocation method for numerical solution of 3D partial differential equations, 2017 (Muhammad Asif).
5. Numerical solution of ordinary and partial differential equations with interface conditions, 2017 (Nadeem Haider).
6. Haar wavelet approach for numerical solution of ordinary, partial and fractional differential equations with delay, 2016 (Rohul Amin).

Courses Taught

University of Peshawar, Peshawar, Pakistan

Graduate Level

- Numerical Analysis I
- Numerical Analysis II
- Computational Physics I
- Computational Physics II
- Functional Analysis I
- Computer Programming

Undergraduate Level

- Abstract and Linear Algebra
- Topology
- Real Analysis
- Complex Analysis
- Discrete Structures
- BASIC and FORTRAN Programming
- Programming in C
- MATLAB and Mathematica

Lahore University of Management Sciences, Lahore, Pakistan

Undergraduate Level

- Cryptography
- Probability
- Linear Algebra
- Ordinary Differential Equations
- Calculus II

Lahore School of Economics, Lahore, Pakistan

Undergraduate Level

- Calculus I

Iqra University, Peshawar, Pakistan

Undergraduate Level

- Calculus
- Mathematical Methods

Greenwich University, Peshawar, Pakistan

Undergraduate Level

- Calculus
- Multivariate Calculus

Computer Skills

Programming

- C, C++
- JAVA
- FORTRAN

Mathematical Softwares

- MATLAB
- Mathematica

Countries Visited

- Slovenia
- Turkey
- India
- Estonia
- Azerbaijan
